Pacific Telephone and Telegraph Company Holds Elimination Contest Here

#### FIRST AID METHODS USED

Martinez Will Compete With Santa Rosa in Final Elimination Before Big State Event

When the Pacific Telephone and Telegraph company held an elimination contest between the plant department forces of the districts of San Rafael, Martinez and Richmond in Rodman's hall last night, the most approved methods of applying first aid to the injured, the judges awarded the contest to the Martinez team, whose average was 92 percent. Richmond came second with 91 1-3 and San Rafael third with 86 1-3.

The San Rafael team is composed of W. A. Smith, instructor; G. Phelps, captain; H. McGinnis, patient; and E. Sage, G. Eastus and C. Catlett. Richmond was represented by G. E. Gee, instructor; B. C. Clark, captain; M. Baroni, patient; and G. Germino, A. Harrison and J. G. Garrison. On the Martinez team were W. M. Rhode, instructor; D. N. Cutler, captain; G. L. McCarty, patient; and P. Marvin, E. F. Flamey and M. E. Bishop.

The chief judge was E. E. Harding, district safety supervisor of the bay district, and other judges were J. M. Abbott, district employment supervisor, coast division; P. W. Dunn, chief clerk, bay district; F. R. Fowden, cable splitter, bay division; P. W. Paulman, line and station installer, acted as timekeeper.

The first problem was given a time of 8 minutes and was to demonstrate a rescue of an unconscious man, who has stopped breathing from a gas-filled room and administer artificial respiration for one minute. Treat shock and carry in an improvised stretcher over an obstacle.

The time limit was 10 minutes for the second problem, which was to treat a man struck by an automobile sustaining a lacerated 5 inch scalp wound on top of the head with profuse bleeding; compound fracture of the lower right leg (center); entire right hand burned and left foot badly crushed. Treat for severe shock and prepare for transportation.

The time limit for the third problem was 12 minutes and was to treat a patient who has sustained two ribs on the lower left side fractured; simple fractures of both bones in the lower right arm (center); entire right hand burned and left foot badly crushed. Treat for severe shock and prepare for transportation.

It is considered by the telephone company that first aid treatment is of second importance only to accident prevention. Both have received much attention and the men are taught to treat anyone whether an employee of the company or not who has been injured in any way.

Short talks were given on the subject of first aid and its necessity by C. E. Houseman, district plant chief of Santa Rosa; D. C. Lawrence, editor of the Coast Carrier, published by the company; and E. E. Lincoln, division employment supervisor of the bay division.

### Labor Victory Gained in High Court Decision On Arbitration

(By Universal Service)

WASHINGTON, April 14.—A new "Magna Charta" for labor has been written by the Supreme Court in holding compulsory arbitration unconstitutional.

This was the opinion of organized labor leaders today in commenting on the Supreme Court's decision of yesterday nullifying the Kansas Industrial Court act, which forced both employers and employees to submit their differences to arbitration, under severe penalties for non-compliance.

The decision unquestionably will have a direct bearing on transportation legislation in the new Congress when an effort will be made to establish a substitute for the railroad labor board.

William Green, president of the American Federation of Labor, commenting on the decision, said it completely destroyed the Kansas court and leaves labor free to bargain collectively with employers. He added that it would clarify the industrial atmosphere and that both capital and labor would benefit from the decision.

Green pointed out that under compulsory arbitration employers would be forced to keep employees at wages and hours undesirable to the employers and would logically result in industrial slavery for the workers.

Labor attorneys have begun an investigation of the Colorado law providing for a 30 days' strike notice to employer. While this law is now with the Kansas Senate, it is believed that a test case would result in the compulsory labor clause being held unconstitutional.

### Chicago Artists To Give Program At Local School

Many of the entertainment programs being brought to Richmond by the Santa Fe reading room committee are equal to high calibre vaudeville performances and concert tours, and too much commendation cannot be given this committee for providing such high class amusement features, not only for its employees, but for the public as well.

The entertainments are free to the public and are given at the Lincoln school auditorium in Richmond. The next one will be held at 8 o'clock Thursday evening, April 16, and will be given by the Smith-Spring-Holmes orchestral quintette of Chicago.

This is the company artistic, and they have earned the title of "Rainbow Record Artists." Their list of instruments is so large that there is not room to publish it. Everything but "bones" is used, and they may have them. They have "taken the cake" everywhere.

Following is the PERSONNEL:

Clay Smith—Trombone, Saxophone, Basses Horn and Manager.  
G. E. Holmes—Saxophone, Flute and Cornet.  
Coyda May Spring—Reader, Soprano, Pianist.  
Lotus F. Spring—Cello Soloist.  
Frieda Beth—Violinist Soloist.  
Helen Glenn—Accompanist.

#### ERECTS FERRY BUILDINGS

Work on the new administration buildings and waiting room for the Richmond-San Rafael Ferry company on the Point San Quentin side of the bay has been started by Wallace Snelgrove, Richmond contractor. The work of widening the pier 15 feet is being done by Hanna Brothers. The entire improvement will cost in the neighborhood of \$25,000.

### HIGH SCHOOL GIRL OPERATES TWO TYPEWRITERS AT ONCE, WRITING DIFFERENT WORDS ON EACH MACHINE

Miss Gertrude Morrissey of Roxbury, Mass., is gifted with the ability to write two different sentences on typewriters at the same time. She is still a student in high school and hasn't decided as yet whether to attempt to develop her ability to such an extent that she can hold down two typists' jobs at once.

### Trial of Cosper Starts in Judge Alvarado's Court

Trial of the case of Wilbert Leroy Cosper of Oakland, who conducts what he calls a Christian philosophical institute in that city began in the court of Superior Judge H. V. Alvarado on Tuesday morning on a charge of violation of the state medical practice act, the prosecution being conducted by Assistant District Attorney Hiram E. Jacobs and the defense by Attorney Thomas D. Johnston.

The greater portion of the day was taken up in the selection of a jury. During the selection of the jury the prosecution used a preemptory challenge on Robert Lotters of Richmond and the defense challenged C. E. King for cause, when he stated that he had confidence in Dr. M. D. Keegan of Richmond, who is to be a witness for the prosecution. Judge Alvarado, after questioning King, denied the challenge, stating that he believed King unprejudiced and competent to serve.

Following is the jury as passed: Elizabeth Cramer, E. F. King, Earl S. Covey, H. B. Stidham, Mattie A. Chandler, John G. Whalen, Geo. V. Morris, A. B. McClellan, Geo. W. Lawrey, Chas. J. Blanchard, Mary T. Wiget and J. C. Olney.

### Veteran Firemen's Donation Stopped

Former action of the Richmond city council in donating \$10 a month to the Veteran's Firemen association, was rescinded by the council last night, on motion of Councilman G. F. Black, seconded by Mrs. J. H. Chandler. The action becomes effective on May 1, after which no further funds will be allotted to the association.

It was pointed out by Councilman E. J. Garrard that the Big Six troop of Boy Scouts desire to meet in the Standard avenue school, where the veteran firemen have been meeting, but that the association will not allow the Boy Scouts to meet there. This question will be left to the school board.

### GREATEST EPIC OF NAVAL WAR HISTORY AIM

Greatest Armada Ever Gathered Under American Flag Leaves San Francisco Bay

#### TO TAKE PART IN BIG GAME

Conditions Analogous to Actual Hostilities Will Prevail Near Hawaiian Islands

By Lieut. A. J. Porter, U. S. N. R. F. Staff Correspondent Universal Service With U. S. Fleet.

SAN FRANCISCO, April 14.—The greatest armada ever concentrated under the American flag, comprising war craft of all classes that fight on the surface, beneath the waves and afloat, will stand out to sea tomorrow from the Golden Gate to participate in a prodigious naval sham battle unparalleled in history.

For ten days the United States fleet, 115 units strong, manned by 15,000 hands and made up of the combined Atlantic and Pacific arms, has swung at anchor in San Francisco bay, enjoying a respite before the stern duty which lies ahead—the performance of the most intensive and stupendous maneuvers ever devised by the navy, having as their objective the "capture" of the Hawaiian Islands.

This gigantic bulk of steel, a round dozen of superdreadnaughts, flanked by stout cruisers of amazing speed and hordes of flash destroyers whose subtle business is to protect the first line, will get underway with the precision of warfare doctrine, and from the time the headlands of the Golden Gate dip astern until contact of opposing forces is established and the "battle" won or lost, conditions analogous to actual hostilities will prevail.

Such conditions will mean masked light, darkened ship, sealed radio, crazy zigzag plans, watch and craft at battle stations, as the dreadnaughts trace devious evolutions and formations upon an area that will open and close for many miles, which through the intricate pattern and beyond and around about the aerial scouts and thin destroyers will throw their sharp guard. The battleships will catapult "butterflies" to add their eyes and sting to that of the destroyers, and submarines, as contact nears, will strike through the depths to pierce the foe's protecting armor.

### Posture Week is Being Observed In Schools Here

This is "Posture Week" in the Richmond elementary schools and the proper carriage is "the think."

Under the direction of Miss Ruth Hesiol, supervisor of physical education, a concerted effort is being made to impress upon the pupils that much of one's success in life depends upon whether one is able to hold the proper posture while walking, standing and sitting.

Every pupil commenced the week wearing a tag which reads, "Posture Week, April 13-18." Much interest is being shown by each member of the classes in retaining the tag during the week, that each room may be 100 per cent.

If a pupil is seen by a faculty member in a slouch, sag or stoop position, he loses his tag. The theory is that proper posture means good health, economic and social success and the proper mental attitude.

### Memorial Hall Plans Discussed From Different Angles at Meet

The Board of directors of the Memorial hall association called a meeting in the hall last night for the purpose of discussing the problem of raising about \$25,000 a month for the maintenance of the Richmond War Veterans Memorial hall. A. B. Tinning, district attorney, has notified the Allied Council of War Veterans that he will hold a get-together in the very near future to talk over the legal phase in regard to the county leasing the hall to the veterans and they in turn submitting it to various organizations for the purpose of raising funds for maintenance.

It is contended by some of the lodge hall associations of Richmond that the veterans have no legal right to sub-lease, rent, or charge admission for the use of the Memorial hall, it was learned and attorneys have been consulted in the matter. Attorney T. N. Carlson, of the law firm of Pierce and Carlson states that according to the statute of 1897, the county can lease the hall to not exceed 20 years. The question now is whether or not veterans can sub-let the building, for which set prices for rentals have been made. It was decided to lease the hall for dance purposes for \$30 and the lodge rooms for \$11, no matter what organization desires the lease.

A meeting of the various lodge hall associations of Richmond was also held last night and it is understood that they arrived at a decision not to oppose the leasing of the Memorial hall for dances and other functions so long as they do not interfere with the lodge hall schedules. They object to leasing the Memorial hall for lodge purposes.

Prior to the erection of the building, the county council, it is declared, was given the impression that they could lease the hall from the county and use whatever means the deemed advisable to raise revenues for the maintenance.

Any action taken in the matter will affect the entire county, it is said. The Memorial Hall at Crocker erected some years ago, is now standing only as a memorial to the veterans, and is not in use for the meeting of the various veterans organizations, pending a decision in the matter.

### 100 Per Cent of Americanism To Be Church Topic

At the First Christian church tonight, at 7:30, Evangelist Floyd A. Ross will talk on the subject of "100 per cent Americanism," and one of the largest crowds of the evangelist series is expected as this is a subject of great interest to Richmond.

This is the closing week of Evangelist Ross' services in Richmond, his final appearance being scheduled for Sunday night. Monday evening a reception will be held for the new converts and for Mr. and Mrs. Ross. Tuesday the Rosses will leave for Los Angeles, where they will conduct a series of revival services.

### 3-CENT LEVY VOTED AFTER BITTER FIGHT

By Roll Call Vote of 22 Ayes To 18 Noes Senate Adopts Breed Gas Tax Bill

#### TAX ON GAS INCREASED

Lawmakers Defeat All Attempts To Amend Measure During Five Hour Debate

(By Universal Service)

SACRAMENTO, April 14.—The gasoline tax bill was passed today in the Senate by a vote of 22 ayes to 18 noes, after a grueling battle, which was an all-day combat and fought to a finish on both sides of the issue.

The actual vote was one less, or exactly a majority, for the measure. Senator Will R. Sharkey of Martinez, leader of the opposition changed his vote from "no" to "aye" before the vote was announced and gave notice of a reconsideration. During the roll call, Senator L. L. Bennett switched the vote to the needed 21, changing himself from "no" to "aye" in order to avoid putting a tie of 20 to 20 to Lieutenant-Governor C. C. Young, the presiding officer, as happened once during the long contest.

#### S. F. DELEGATION SPLITS

The San Francisco delegation split on the roll call. Those who voted for the bill were Senators Crowley, Fellom, Gray and Maloney. The members who voted "no" were Senator Canepa, Murphy and Tubb.

For the gas tax C. C. Baker, Salinas; Frank H. Boggs, Stockton; Arthur H. Broad, Fresno; J. J. Crowley, San Francisco; L. L. Donnell, Modesto; Roy Johnson, San Francisco; L. W. P. Gates, Oroville; P. J. Gray, San Francisco; Fred C. Hardy, Ukiah; M. B. Harris, Fresno; Thomas Ingram, Grass Valley; J. M. Inman, Sacramento; M. B. Johnson, Monterey; Herbert C. Jones, San Jose; Thomas A. Mahoney, San Francisco; H. C. Nelson, Eureka; P. J. Powers, Eureka; R. E. Rush, Salinas; Ed Sample, San Diego; Will R. Sharkey, Martinez; H. W. Slater, Santa Rosa; Sam Horn Young, Los Gatos. Total 22.

Against the gas tax Newton M. Allen, Los Angeles; Victor J. Canepa, San Francisco; Harry A. Chamberlain, Los Angeles; E. H. Christian, Hayward; John J. Crockett, Eureka; H. J. Evans, Marysville; J. J. Hollister, Gaviota; Edgar S. Hurley, Oakland; A. B. Johnson, Pasadena; Chester M. Line, San Jacinto; Chas. H. V. Lewis, Los Angeles; Charles W. Lyon, Vinton; Daniel C. Murphy, San Francisco; Joseph L. Pedrotti, Los Angeles; Ralph E. Swing, San Bernardino; C. J. Taylor, Pomona; Tullant Tobbs, San Francisco; T. C. West, Alameda. Total 18.

### Boys Hobby Show Tuesday, April 28

Postponement until Tuesday, April 28, has been announced for the hobby, handicraft and pet show of the clubs of the Y. M. C. A. The show, which is an annual event, was to have been held on April 17, but it has been decided to hold it in conjunction with the symposium. All of the boys clubs are working hard to make their club displays appropriate, and every available inch of space at the Y is being reserved for the displays. The club leaders council, headed by Rev. H. M. Greenlee is sponsoring the show.

Official Paper Of The City Of Richmond, California

## THE UNITED STATES IS PROSPEROUS

The people of the United States are 6 per cent of the world's population; yet, though we are thus outnumbered 16 to 1—

We own nearly half the railroad mileage and almost three-fourths of the telephone equipment in the world.

We consume more than half the world's output of coal, iron, steel, copper, petroleum, cotton, timber, and printing paper;

We own nine out of every ten automobiles in the world—

But—Only half of our eligible voters actually vote even at the presidential elections;

Five millions of our people over 10 years of age are illiterate;

Ten millions of our children of school age are not attending school;

We spend more for tobacco, cosmetics, and chewing gum than we do for education;

Half of our young men were found physically unfit for unlimited military service;

Our wage earners lose wages amounting to over two billion dollars a year because of preventable sickness;

In 1900 the number of homicides per 100,000 population in cities was 3.5. Now it is 9.3.

In 1870 there was 1 divorce for every 18 marriages. Last year there was 1 divorce for every 8 marriages.

Cooperation for Civic Improvement.

More than 2,000 voluntary organizations in this country are working, each in its own way, to develop better citizenship and higher standards of civic life. Much good is being accomplished by their work. Might not their efforts yield even greater results if their energies were united in a common drive to achieve an inspiring common objective which all realize is most worth while?

State Committees Have Been Formed.

President Coolidge invited the governors of the several States to take the initiative in organizing intercommunity competitions, using a community score card to define the rules of the game. As a result of this appeal, cooperating committees have been formed in 22 States, and competitions are now under way in several States.

Interest in Community Life is Keen.

There is everywhere a profound devotion to American ideals and a deep latent interest in the relative standing among States and communities with regard to American citizenship. This latent interest may be made active through proper leadership and through the wise use of funds with which to stage intercommunity contests on such a scale as to command general interest. Herein lies a unique opportunity for great public service in this most fundamental matter of developing a citizenry able and eager to carry on successfully this greatest of experiments in self-government.

But Leadership is Needed.

The Federal Council and the State committees are without funds for the accomplishment of this purpose, but they believe that there are in every State many citizens who are looking for an opportunity to contribute of their means for the promotion of public welfare. They further believe that the score-card method of building better citizenship in each particular State, and therefore in the Nation, is an enterprise from which greater results can be secured for less expenditure of time and money than in any other way. By suitable prizes and effective publicity, the energy of the people can be released in the direction of working spontaneously together to express the ideals of America in better citizenship as defined in the Community Score Card.

Practical Procedure.

The Federal Council of Citizenship Training has issued, besides the Community Score Card, a pamphlet describing its own experience and suggesting how a State or a community may proceed practically to initiate this enterprise. For further information apply to the chairman of the council, the Commissioner of Education, United States Bureau of Education, Washington, D. C.

## THE CALIFORNIA ROADS

Paved roads built five and ten years ago were never intended to stand the commercial use to which they have been subjected. The result is that thousands of miles of highways which would have lasted indefinitely under ordinary automobile and farm traffic are having to be rebuilt. California has a greater problem on its hands from this standpoint, than almost any other state because it was one of the pioneers in hard surfacing its highways.

In order to save the taxpayers as much money as possible and salvage the greatest amount of old road, the California State Highway Commission has shown its resourcefulness in a method it has developed.

It has been found that well compacted old macadam roads or rough and broken pavement, make an excellent sub-base to support a surfacing of asphaltic concrete. A rebuilt road of this kind in California is usually 20 feet wide, 2 inches thick at the center which increases to 5 inches at the edges.

In a recent contract awarded for 8.1 miles of this type of pavement, the cost was \$147,620 or \$18,224.70 a mile. Pavement of a similar character laid in 1921 upon an old oil macadam subgrade has proven durable and satisfactory.

The saving to the taxpayers by this method of road building runs into hundreds of thousands of dollars.

### FURS IN THE SPRING

YOU must be especially careful of your furs when wearing them in spring and summer because warm weather conditions are not so favorable to furs as are those of winter.

Moths are not apt to attack furs that are worn constantly, since they like to work in a dark, quiet place.

So take care that your pieces of spring and summer furs are not left for any length of time, unused, in a dark closet. If you do not wish to wear them often, then by all means bring them out of the closet often and beat them lightly with a smooth, light wooden stick.

You may not know that moths do not attack the fur itself, but rather the skin or leather. For this reason it is not enough to watch the fur. Be sure that your attention extends down to the skin. If dust and soil collect deep in the fur there is much greater chance for the attack of the moth. They should be shaken and aired often.

A good plan is to, hold them near to a strong electric fan so that they may be well blown to rid them of dust and possible moth eggs.

Furs should never be cleaned with any kind of cleaning fluid. If they are soiled and need to be cleaned, don't attempt to do anything about it yourself. Take the fur to a reputable furrier and he will do the

work.

meaning for you.

### GLORIFIED FRENCH TOAST

There is a dish that the Spanish call Torrijas, that is a sort of glorified French toast. It may be that the Spaniards first hit upon this method of using up stale bread and that the French cooks learned it from them, while we and the English, taking it from France, called it French.

Here is the recipe for the Spanish dish, which would, of course, have to be modified in these prohibition days. It calls for two cups of milk, one cup of rum, one egg, powdered sugar and cinnamon or nutmeg. The egg should be broken into the milk and whisked with the egg beater. Now sweeten slightly. Have ready neat slices of stale bread, about five inches in length, the crusts removed. Dip them into the milk. It is then that the Spanish cook dips them into the rum. They are then drained and fried in hot lard to a golden brown. Best results can be obtained when fried in deep fat and removed with a skimmer. They should be sprinkled with powdered sugar and cinnamon or nutmeg.

### PASTOR AROUSED TO WED COUPLE AT 1 A. M.

The marriage ceremony of H. Britting and Miss Linda Deckert, both of Oakland, with Mr. and Mrs. R. L. Dixon of Oakland, acting as witnesses, was performed yesterday morning by Rev. C. G. Lindemann of Wesley M. E. church under the most novel circumstances.

Rev. Lindemann was aroused from slumber by a loud rapping on his door at 1:30 a. m. Upon investigating the disturbance he found Officer Higgins with the couple who had been searching for a minister to tie the knot. The pastor dressed hurriedly and the wedding was performed in the early hour of the morning.

### W. O. W. To Hold Big Meet At Pinehurst June 6

Twenty-four years ago at Fernbrook Park in Niles Canyon 1,351 candidates were initiated by Alameda and Contra Costa counties camps of the Woodmen of the World.

The East Bay Service Committee representing these same camps has planned to eclipse this remarkable record by initiating 1,500 candidates at picturesque Pinehurst Park, Contra Costa county, a natural amphitheatre located in the timbered hills eight miles back of Oakland, on the main line of the San Francisco-Sacramento railroad, on Saturday evening, June 6th, 1925 (night of the full moon).

This mammoth meeting in the moonlight will be something spectacular, startling and stupendous. You can depend on an evening of entertainment, stunts, vaudeville, a screaming slide derby, fun for all. Sixty camps will participate, and the best teams will engage in a drill contest to decide the Bay District Championship.

The association will conduct another whist party of this character in the same hall on next Tuesday afternoon, starting at 2 o'clock.

### RAGS WANTED—Record-Herald

### Lame - Stiff

Red Pepper brings relief in 3 minutes

You will be amazed to learn how quickly red pepper relieves stiffness and lameness and rheumatism.

It is folly to suffer—even for an hour. Just apply Red Pepper Rub. You will feel the heat instantly, and in three minutes it will seem to reach the depths. Circulation starts, congestion is relieved. The pain and soreness depart.

No heat is so concentrated, so penetrating. Yet it brings relief without hurting. No old-time method compares with this.

Red Pepper Rub is the new-day method for dealing with pain, soreness and congestion. You will always use it when you know it. It is saving people nowadays millions of hours of pain.

It is something to keep on hand. Stop the pain when it starts. Don't be lame or stiff for an hour. At the first sign of trouble just apply this heat-producing rub.

## Norma Talmadge In "The Lady" At The California Theatre Two Days

Norma Talmadge and Wallace MacDonald in "The Lady"

Norma Talmadge has just completed her new photoplay, "The Lady," with Wallace MacDonald as her leading man.

The adaptation of "The Lady" was done by Francis Marion, who wrote "Secrets," considered by many to

be one of Norma's greatest pictures. Miss Marion also wrote "Humoresque" and many more of the screen's greatest pictures.

MacDonald has recently appeared in "The Spoilers," "The Name is Woman," "The Red Lily" and "We Are French." He is the fifth leading man Norma has appeared with recently, the others being Eugene O'Brien, who has just finished work with Norma in "Sacrifice," Conway Tearle, Joseph Schildkraut and Jack Mullan.

"The Lady" is a First National attraction produced by Joseph M. Schneck. It was directed by Frank Borzage from Frances Marion's story.

The picture will be shown at the California Theatre today and tomorrow.

Other features on the same program include Albert Macgillivray, the sweet tenor, in selected song numbers; Will Rogers in his latest comedy "Gee Whiz, Genevieve!"; "International News," Larry Canelo at the huge organ.

## Historical Film At The Richmond

While other girls with straight hair were moaning because it is not curly and spending money to have it marcelled and permanent-waved, Marion Davies was spending an hour every day oiling and brushing her locks in order to take out the beautiful wave!

As "Pat O'Day" in her new Cosmopolitan picture, "Little Old New York" which will be shown at the Richmond theatre for two days, beginning today, Miss Davies appears as a young boy. She had her blonde hair cut in a short bob. To make her appear even more boyish she insisted on its being perfectly straight. This took considerable time as the fair star was blessed with natural curls. By persistent oiling and patient brushing Miss Davies, however, achieved the necessary result.

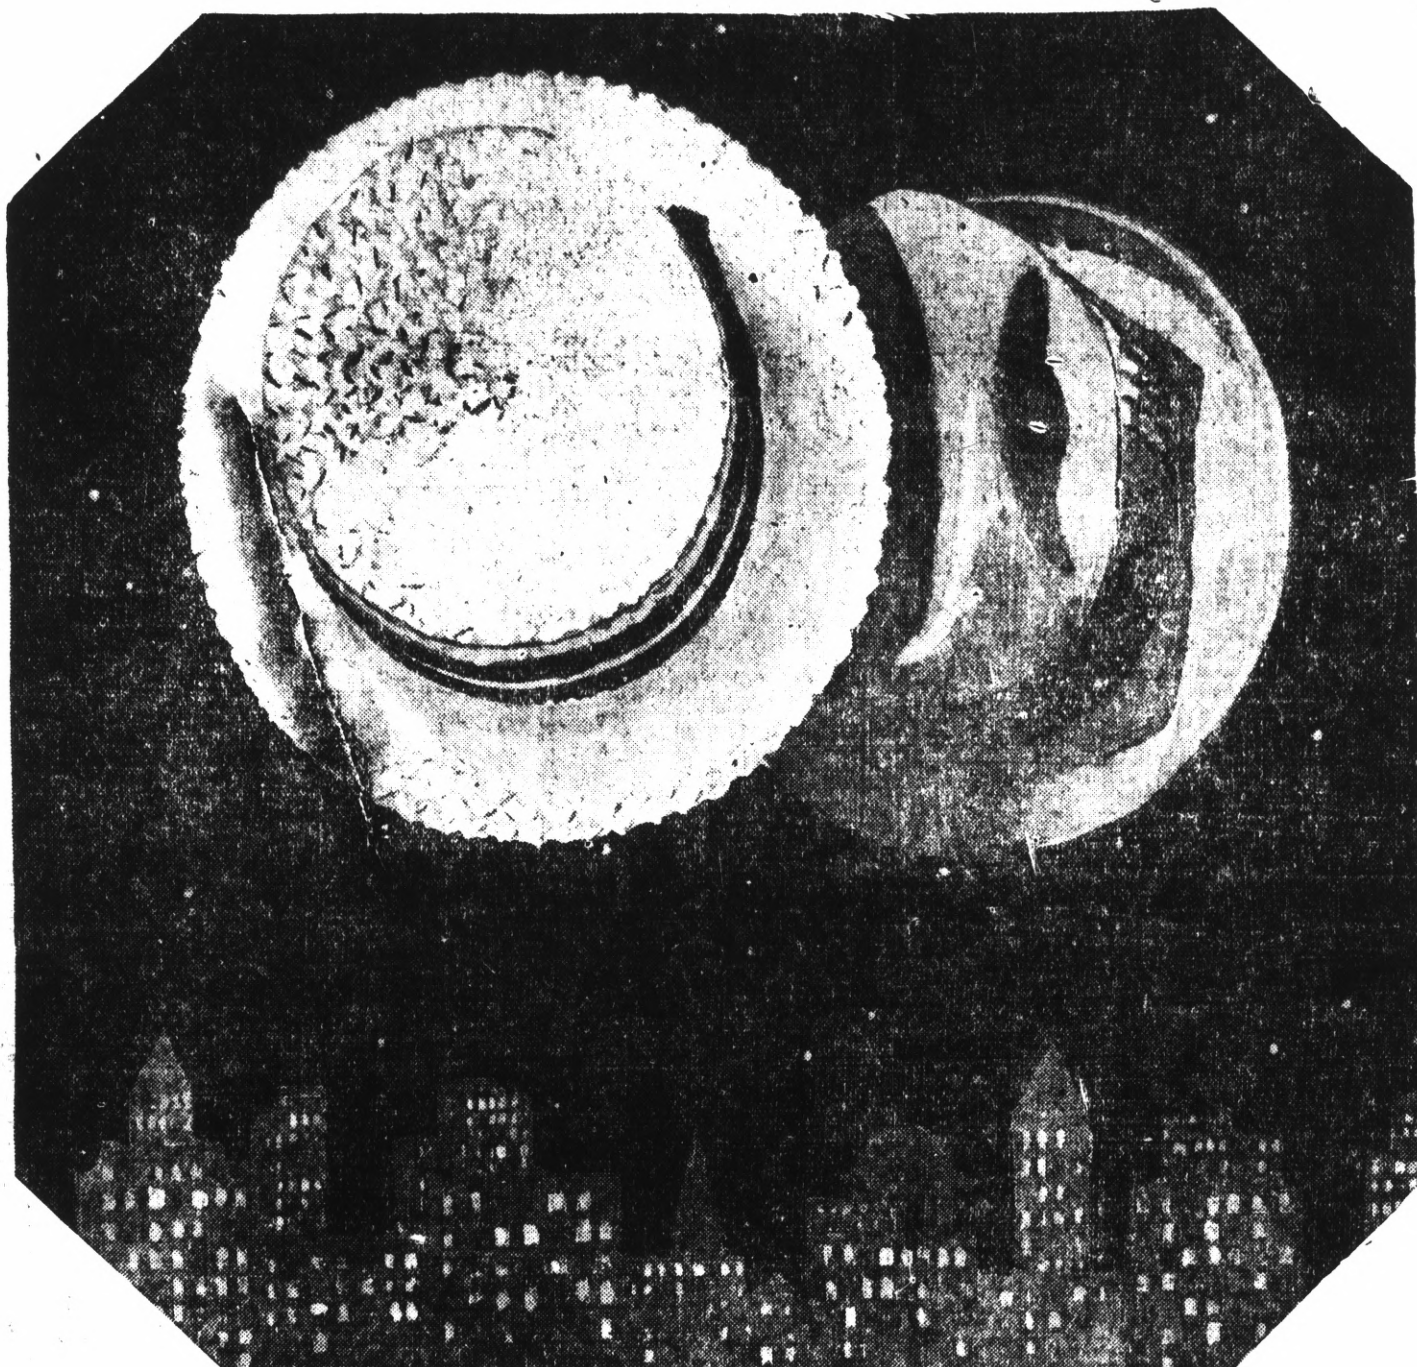

She made a most attractive and appealing "Pat."

"Little Old New York" was adapted to the screen by Luther Reed, from the stage play by Rida Johnson Young. Sidney Olcott directed. Joseph Urban designed the delightful set and which portray New York as it was a century ago in the days when Robert Fulton was launching the first steamboat and Delmonico's was a little restaurant near the Battery, not much larger than the present day lunch wagon.

Miss Davies plays the part of a little Irish girl who comes to this country and dons the disguise of a boy in order to win a fortune. The big cast supporting the star contains even more important names than the record-breaking "When Knighthood Was in Flower." Harrison Ford, Mahlon Hamilton, Courtenay Foote, Louis Wolheim, Harry Watson, Elizabeth Murray, and many others well known to stage and screen are in the big cast.

"Bargain Days" a Cameo comedy will be an added feature on the same program.

## PENNANT RACE ON IN BIG LEAGUES

### "BATTER UP" IS CRY IN EIGHT MAJOR CITIES

(By Universal Service)

"Play ball!" "Batter up!" These commands sounded through the land yesterday and the 1925 baseball season was launched. In eight cities the pennant races of the two big leagues got under way.

Here are the results of the first day's games:

**NATIONAL LEAGUE**  
Philadelphia 1, Brooklyn 3.  
New York 4, Boston 5.  
St. Louis 0, Cincinnati 4.  
Pittsburgh 2, Chicago 8.

**AMERICAN LEAGUE**  
Washington 1, New York 5.  
Boston 8, Philadelphia 1 (10 innings).  
Chicago 3, Detroit 4.  
Cleveland 21, St. Louis 14.

Probably no more than 150,000 persons saw the opening games, 67,080 witnessing the games in New York, and Brooklyn.

One of the outstanding events of the day was the defeat of the world's champion Senators by the Yankees, who gave the Senators their hardest battles last year. The fact that Urban Shocker held the Senators to one run proves that Colonel Jake Ruppert maneuvered a clever piece of business when he bought the hurler from St. Louis last winter.

The high scores of some of the teams indicate that the early season is likely to be one of heavy slugging.

The illness of Babe Ruth and Ty Cobb seemingly had no effect upon their teams, since both won.

But the baseball story of 1925 has just been started. It will be October before it is completely told.

### Policemen Lose To High School

The policemen baseball team met its nemesis yesterday afternoon when it met the Richmond Union high school nine on the Twenty-third street grounds. The cops never had a chance and they were soundly trounced to the tune of 10 to 2 in five uninteresting innings.

The game had to be called off at the end of the fifth to allow the Santa Fe and Richards' Radios game to be played.

High school—Sac. O'Brien, Gaudoni, Lehmkuhl, Hirth, Johnson, Medo, Villalobos, Caldwell, Pimm, Camerillo, and Mallant.

Policemen—Donnelly, Moore, Imbach, Jones, Baker, Eads, Fry, Bray, and Bynum.

### Fast Volleyball Game Scheduled

The Y. M. C. A. will be the scene on Thursday night, April 16, beginning at 8:30 sharp, of what is expected to be the fastest and best volleyball game ever seen in this locality. The game is between the Standard Oil team and the San Francisco Y. M. C. A. Neither of these teams have tasted defeat in so long they do not know such a thing as being walloped, but some one has to lose. However, neither team will allow the opposition to walk away with the game and it is expected that the battle will rage through three terrific cantos.

Reseda—Fourteen new dwellings to be erected on Ingomar street.

Glendale—Site purchased for erection of \$275,000 Y. M. C. A. building.

El Monte—Ross Construction Co. buys 5-acre tract for establishment of construction camp.

### Radios Win Fast Twilight Game; Dance Is Planned

The Richmond City Twilight League season started off with a bang last night at the High school diamond with the Santa Fe nine and the Richards' Radios occupying the field. The final score was 3 to 1 with Richards' on the long end of the tally sheet.

The fans who packed the side lines and the bleachers declared unanimously that it was the best contest seen in Richmond this year. If the brand of ball played last night is an indication of the work during the whole season, the followers of the great national pastime may look forward to some interesting sessions.

The Bushers Ball, to be given on Friday evening in Richmond club house by the ball players for the purpose of raising funds to outfit the city league, promises to be one of the social events of the year.

Tickets are going like the proverbial hot cakes. Dick Austin, chairman of the dance committee, declared that a record dance attendance will take in the affair if the advance sale of tickets is any indication of the number who will attend.

Arrangements have been made for many diverting features, and everything gives promise of going off some better than schedule. The Bushers ball guests will be served with refreshments free of charge. Dennis Shaw's orchestra will have their fiddles tuned and be ready to send out the first strains of the most modern and best jazz at 8:30 o'clock.

## MAYOR J. H. PLATE PROCLAIMS TODAY AS OFFICIAL STRAW HAT DAY IN RICHMOND

Starting off the summer straw hat season in Richmond, Mayor J. H. Plate yesterday issued a proclamation setting aside today as official Straw Hat day. Mayor Plate was presented with one of the newest styles in straws, and the party making the presentation were all sporting the newest "creations" in summer headwear as shown in the above picture. They are: Standing, left to right—F. B. Schow, Ernest Marcus, Ben Malik (presenting the hat to Mayor Plate). Seated, left to right—Ward McCracken, Mayor J. H. Plate and Harry Marcus.

As a consequence of yesterday's proclamation of Mayor J. H. Plate, the residents of the city will appear on the streets in the new summer headgear, by way of showing appreciation for the advent of the summer season and to keep abreast of the fashions.

Yesterday the clothing stores of the city were raided by the sterner sex so that they might be ready to appear on the streets this morning wearing the latest in straws. Clothiers of the city declare that this will be the most fashionable season in straw hats ever known, and the most popular will be plain straws, mostly bleached.

The straw hat, by no means something new, was first made by the Romans, but they received their first popularity in the time of Mary Queen of Scots, who brought a number of straw platters from Lorraine to instruct her people in the art. The entire civilized world has used straws since that time and even

primitive people have found them attractive.

**PROCLAMATION**  
Whereas, believing that our city and our people should join together and show our appreciation of the coming of the vernal season of the year and of the rejuvenation of our hearts and lives, and wishing to show in some small way an outward evidence of such appreciation, I do hereby proclaim Wednesday, April 15, 1925, as Richmond's official Straw Hat Day.

J. H. PLATE,  
Mayor of the City of Richmond.

### Mounted Policemen Asked by Mira Vista

In behalf of residents of Mira Vista Councilwoman Mattie Chandler inquired of the city council last night whether or not it would be possible to assign mounted police to the

### Owner Complains Of Trespass By Carpenters Work

Complaints from residents at Ninth street and Chandler avenue that carpenters engaged in construction work there are tramping down the lawns and gardens of adjoining property, was presented to the city council last night by Councilwoman Marie Ogden.

The council decided they had no jurisdiction in the matter. Councilman J. L. Lane and Councilwoman Mrs. Mattie Chandler stated that it is a matter entirely between the two owners and the carpenters. Mrs. Ogden was assured that the complainant could bring suit for trespass and damage.

Mira Vista neighborhood. Residents of Mira Vista had asserted the presence of officers on horseback could more readily be seen than policemen in autos, and for this reason would have a deterring effect against criminals.

Chief of Police Dan Cox, who was present at the council, was asked for his opinion and said it would hardly be necessary since a man on foot is kept there now in addition to the auto squad, which patrols the district. He said mounted policemen are a back number.

## BUSINESS LADIES HOLD 100 PER CENT MEETING

One hundred per cent attendance was the record at the meeting of the Richmond Business and Professional Women's club, held at the office of Miss Nora Ashfield, assistant superintendent of schools last night. Dr. Rosa Powell, president of the club, presided.

The club voted to endorse the following amendments now pending before the State legislature at Sacramento: Assembly bills 1017, 1018 and 1019. These measures were introduced by request of the California Branch of the National Women's party. The club secretary was directed to wire local Representative Robert Easley, and others at Sacramento, to support these measures.

Various committee reports were made at the meeting last night, which was a strictly business affair. Excellent progress was reported by the recreation committee on the program of the organization of the junior business women's class.

The clubhouse committee reported that two proposed sites for the new building had been investigated, but definite selection of the site was not made. It was reported that the pig fund for the past week had reached the amount of \$10.97, and the pig was delivered to the custody of Miss Helen Johnson, of the Schrader Furniture company, who will retain it for one week.

"The Pig" is a savings bank affair and is inconspicuous until its custodian hears someone swear, when it is made to squeal. Then a levy of ten cents, or whatever the swearer has, is assessed for each "cuss word." The proceeds are used for club expenses.

### East Bay Water Company Report

The East Bay Water Company reports to the Railroad Commission its 1924 operating revenue at \$3,478,881.45 as compared with \$3,202,440.74 for 1923. The operating expenses, excluding taxes for 1924, are reported at \$1,465,884.03 and at \$1,272.60 for 1923, leaving net operating revenue of \$2,012,997.42 for 1924, and \$1,927,678.14 for 1923. During 1924 taxes charged to operation amounted to \$346,277.67, and for 1923 to \$322,296.64. Deducting the taxes leaves operating income of \$1,666,649.75 for 1924, and \$1,605,381.50 for 1923. Adding to the operating income, the non-operating income of the company results in gross corporate income, (which represents the amount available for interest, amortization of debt discount, other fixed charges, nonoperating expenses, dividends and surplus), of \$1,743,012.23 for 1924, and \$1,664,018.79 for 1923.

Fresno—J. B. Indorrioden Company to build \$200,000 packing plant.

San Jacinto—Coal by-products plant, costing between \$1,500,000 and \$3,000,000, to be constructed here at once.

## LIONS CLUB TO SPONSOR SHOW FOR BOY HOME

The work of the Richmond high school toward preparing future citizens for their life work was told in a splendid manner by Professor Theodore Madsen of the school before the Lions club at the meeting yesterday.

Church and Thompson, two students of the school, offered a splendid violin duet, accompanied by Dennis Shaw at the piano.

Several selections were rendered by the club quartet, composed of C. F. Donnelly, Bert Carter, H. H. Mylander and A. H. Winchole. A brief talk on the boy scout movement in the county was given by Thomas B. Swift, of Martinez, president of the Contra Costa County Scout council. The chairman of the day was E. H. Callahan.

For the purpose of raising funds to furnish the Boy Scout home at Eighth and Ohio, the Lions club, through the courtesy of Dan Reardon, will stage a show at the California theatre on Saturday, May 2. The Lions, who built the home at their own expense, are determined to furnish it completely. The girl reserves will sell the tickets, which are soon to be placed on sale.
